#### PUBLIC WORKS DEPARTMENT,—BENGAL.

##### DISTRICT ROAD FUND.

NOTIFICATION No. 292.

*The 1st August 1884.*

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Dinagepore, Rajshahye, Rungpore, Bogra, Pubna, Darjeeling, and Julpigoree for the cess year 1882-83, together with the remarks thereon of the Commissioner of the Rajshahye Division, are published for general information.

G. F. E. S. NEILL, Major, M.A.C.,  
*Under-Secy. to the Govt. of Bengal, P. W. Dept.*

#### *Abstract of a report by the Chairman of the District Road Cess Committee, Dinagepore, on the Committee's operations for the cess year 1882-83.*

No difficulty appears to have arisen in connection with the working of the Cess Act, which is no longer looked upon with any marked feeling of unpopularity. The collections of the road cess have been very satisfactory, being 95·8 per cent.

The Committee held 15 meetings during the year. Six non-official members did not attend six consecutive meetings, and have thus rendered themselves liable to removal from the Committee under section 115 of the Cess Act. The business transacted at all the meetings received a very careful discussion from those members who attended.

The only original work undertaken during the year was the reconstruction of the last seven miles of the Moorshedabad road, which, for want of funds, fell into a very sad state of disrepair. The old road passed along the very lowest part of the country, and was very winding in its course. The newly made portion has been realigned over high ground and constructed properly. The earthwork has all been finished, but owing to scarcity of rain the turfing could not be wholly executed.

All the existing roads have been kept in a fair state of repair, as far as the funds at the disposal of the Committee would permit; in addition to ordinary surface repairs, earthwork was done on many roads to raise them to a proper section, and several temporary bridges were renewed during the year. The roads in this district have received very careful attention, and their condition may be said to be fairly satisfactory.

Applications for village roads were received from all parts of the district, and where respectable persons were found, funds were given to them for the execution of works; but in places where such parties were not forthcoming, the works had to be done under the agency of the District Engineer. Some of the non-official gentlemen took a keen interest in village roads.

All the main roads leading out from the sudder station have been planted with avenues of trees, which are steadily improving every year. New plantation was carried on on the Rungpore road for two miles, Moorshedabad road one mile, and also within the interior of the district near all the police stations.

Several obstructions to drainage have been removed by opening out pipe culverts on the Kishengunj and Darjeeling roads.

The several establishments under the Committees have, on the whole, worked satisfactorily.

**Explanatory Memorandum to accompany the annual account for the cess year 1882-83.**

**RECEIPTS.**

1. This transfer is made under instruction contained in Accountant-General's No. 485L.—F., dated 31st October 1882.

**EXPENDITURE.**

2. The amount expended under this heading has exceeded that of the allotment for the following reasons :—

- (1) Rupees 585 were allotted for serving processes, including the pay of a peon entertained in the office at a cost of Rs. 72 a year, leaving a balance of Rs. 513 only to meet the charges for processes; whereas Rs. 1,056-4-9 were advanced to the Collector for the purpose under the Board's new rules. Rupees 1,075-7 were recovered during the year, inclusive of the balance of the previous year.
- (2) Rupees 80 were paid to a Mohurir temporarily appointed for revaluation work, which was sanctioned by the Board of Revenue, as per their No. 116A., dated 18th March 1882.
- (3) For raising the pay of second Mohurir from Rs. 15 to Rs. 20, which was sanctioned by the Board of Revenue, as per their No. 520A., dated 21st November 1882.

3. The excess in expenditure under this heading is owing to the payment of a part of the demand for the previous year (1881-82) having been made during the year under report.

4. These alterations have been made under the sanction of the Commissioner, as per his No. 236P.W., dated 22nd February 1883.

5. Nothing was done to this road under this heading (original works). During the current year Rs. 345-5-9 were expended in satisfaction of previous years' demands.

6. These alterations have been made under the sanction of the Commissioner, as per his No. 182P.W., dated 24th January 1883.

7. This alteration was made under Commissioners' sanction, as per his No. 117P.W.Ct., dated 2nd July 1883.

8. As the allotments for road Nos. 42 and 55 were not sufficient for their maintenance, nothing was spent on them.

9. Rupees 400 were sanctioned for constructing a bridge on the drainage canal near Mr. Grant's house, of which Kumar Giriya Nath Roy promised to contribute Rs. 200, but as he did not pay the amount during the year under report, the full amount was paid out of the Road Fund, hence the expenditure for village roads has exceeded the allotment.

10. This transfer has been made *vide* Government notification of the 11th June 1883 (Financial Department, Road Cess).

*Abstract of a report by the Chairman of the District Road Cess Committee, Rajshahye  
on the Committee's operations for the cess year 1882-83.*

THE road cess was levied during the year at the full rate of one-half anna in the rupee. The Cess Act worked smoothly, and the collections during the year were very satisfactory.

The year opened with a balance of Rs. 15,135. The total receipts from cess and other miscellaneous sources were Rs. 80,629. The amount in the suspense accounts came to Rs. 13,728; making in all a total income of Rs. 1,09,492 for expenditure during the year.

There were five meetings held by the District Road Committee during the year. The attendance of the native non-official members was very irregular, the business laid before those present at the meetings was discussed, however, with interest and attention.

No important original work was carried out during the year, except raising the Sultanpore and Mohadebpore Railway feeder road above flood level, and the construction of a substantial timber bridge over the worst gap in this road.

All the roads in the district were properly maintained, and the allotments for them fully worked up to.

The village roads were properly attended to, and considerable zeal was shown by the members of the Branch Committee in the matter of village communications.

Attention was paid to the matter of tree-planting. The trees that were planted in previous years on several roads have been taken care of.

The different establishments under the Road Committee have worked well and given satisfaction in the discharge of their duties.

POORNA CHUNDER GHOSE,  
Vice-Chairman.

*Abstract of a report by the Vice-Chairman of the Road Cess Committee, Rungpore, on the Committee's operations, for the cess year 1882-83.*

THE demand of cess for the year was larger than was estimated owing to the valuation of 1,064 rent-free tenures. The arrear cesses on such tenures also became part of the demand under section 70 of the Act; and taking these into account, the collection was 96.6 per cent., being .9 per cent. more than in the previous year. The provisions of section 99 were applied in case of a few habitual defaulters. The cess has now been levied for several years, and is generally accepted by the community. Any complaints now made would be directed against the manner of levying it, rather than against the cess itself. No such complaints have been made during the year.

The number of meetings held by the Road Cess Committee was 11, and the attendance of the non-official members was not satisfactory, three of them having ceased to be members under section 115 of the Act. The members present at meetings took active interest in the proceedings.

There are three Branch Committees in the district, i.e., at Gyebanda, Kurigram, and Nilphamari.

The number of meetings held by the Gyebanda Branch Committee was five, and an active interest was taken by the non-official members in the discussions and proceedings of the several meetings. One meeting only was held by each of the Branch Committees at Kurigram and Nilphamari during the year, and the attendance of members of the latter was 75 per cent.

Several works of improvement on roads and bridges were carried on by the District Engineer, who also introduced several changes into the system of working in the district, and thus succeeded in getting substantial and permanent works done; rates of work, which were very high in the district were revised; charges in the establishment were reduced; and most of the old materials which were lying useless in the godown were used upon work. He broke down all the previous contracts which were given during his predecessor's time to some pet contractors of the subordinates, and began anew all works in the so-called duffadary system. Previously many of the lower subordinates were getting no travelling allowances, and the effect was that they tried to avoid going out on roads unless compelled. The duffadary system of work introduced requiring close inspection and constant knocking about, an allowance for every day the subordinates will be out on works was granted, both as an incentive for good work and also as a pecuniary assistance in travelling.

For improvement of village roads Rs. 5,000 were allotted in the year under report. Part of this sum was placed at the disposal of the Vice-Chairman at head-quarters, and the balance distributed to the Sub-Divisional Officers for proper management. The work was done through official and non-official agency.

Tree-planting was stopped up to the end of the year, but subsequently the old plants were reared and some dead ones replanted. The register of the Committee shows about 7,000 plants, but scarcely 3,000 now exist, as much damage has been done to both trees and fences by stray cattle, especially during the period they were totally neglected.

The collection office is reported to have worked satisfactorily. The offices of the Committee and District Engineer have been combined, and the work has, as a rule, been well and punctually carried on. The total charges for establishment, including payment of contribution towards Superintending Engineer and accounts and control offices, are 25.26 per cent. of the income of the district.

Mr. Larpent, the Examiner of Local Fund Accounts, and Mr. Heyman, the Divisional Superintendent of District Works, were satisfied as to the manner in which the books and accounts of the Committee were kept when they inspected the office.

*Note by the Chairman as to the condition of roads, &c., as found by himself.*

THE roads are in good condition for cart traffic, and with this I suppose we must rest content. Driving over them in a light spring conveyance is very jolting.

The bamboo bridges are all more or less in bad condition, but from what I see of the new iron rail bridges, I am content to put up with the inconvenience of bad bamboo bridges for a few years longer till they can all be supplanted—the large ones by iron rail bridges and the small ones by Raueegunge drain pipes. The early cessation of the rains this year has been bad for the earthwork. New earth dries into dust almost immediately, and blows away in the wind.

*Abstract of a report by the Chairman of the District Road Cess Committee, Bogra, on the Committee's operations, for the cess year 1882-83.*

THE Cess Act has worked smoothly in the district. The total cess collection during the year was 106·07 per cent. on the current demand.

The principal roads in the district are already above high flood level and bridged. None of the roads are metalled, but the Bogra-Sultanpore, and most of the other principal roads were drivable throughout during the rains. On the Bogra-Sheriakandy road a number of good bridges have been constructed of tál timber, among which one is of 100 feet waterway. This road has been much improved during the year under review. It is now a really good and useful line of communication, which passes through a very difficult piece of low country intersected by rivers. The fair-weather road from Chattiangram to Panchbibi has opened up a long line of communication on the west of the railway line and nearly parallel to it. The road has been widened and the ramps for ascents and descents properly sloped. Attention was also paid to all the minor roads during the year. In fact, all the district roads have been well looked after, maintained, and improved during the past year.

Rupees 3,056 were spent on village roads during the year. Trees were planted and protected on the sides of several roads in the district.

The different establishments under the Committee worked fairly well.

*Abstract of a report by the Chairman of the District Road Cess Committee, Pubna, on the Committee's operations for the cess year 1882-83.*

THE Cess Act has worked without friction, but the realization of arrears by the Certificate Act is dilatory and unsatisfactory. It has been recommended that an alternative summary process against moveable property should be allowed. The collections were nevertheless good, the percentage of current collections on the current demand was 94·3, and the total collections on the current demand 109·8.

There were eight meetings held by the District Road Committee during the year under report. The average attendance of members was seven, out of a total of 25. Many of the absentees are residents in the mofussil, who can rarely come without great inconvenience. The regular attendants showed a real interest in the proceedings.

The working of the Branch Committee at Serajgunge has been very successful. They are a very influential Committee, consisting of European residents and resident zemindars, and complain loudly of the small amount at their disposal for the purposes of the sub-division; but the Committee at Pubna has been under the necessity of carrying on the large work of opening communication with Sara on the Northern Bengal State Railway, and till that is completed suitable assistance cannot be given to the crying wants of the rest of the district. The Chairman of the Branch Committee remarks that the time has certainly come when an independent Committee should be formed at Serajgunge, and the whole of the collections of the sub-division should be placed at its disposal. The District Committee cannot, under present circumstances, approve of the idea of giving the Branch Committee full control over the expenditure of the entire collections of the sub-division, but it is clear that the Serajgunge Committee is quite prepared to accept the position of an independent Local Board under the scheme now under consideration.

Of the original works, the Sara road requires special mention. The total amount expended this year for original works is Rs. 36,856, of which the Sara road took Rs. 31,403. Most part of this sum was used for bridges. Thirteen new bridges were constructed during the year. The road is now almost finished, only one large bridge remaining to be built. Among other original works, an addition to the Road Cess Office has been made for the use of the Collection Department. The additional building cost the fund Rs. 1,799.

The existing roads have been repaired, the total cost amounting to Rs. 9,725. The roads remain in the same state as before. The Sara road is in very good order, and the greater part of the other roads have been put into passable repair, except the Chandaikona road in the Serajgunge sub-division, which appears to have deteriorated from several year's neglect.

During the year under report only Rs. 886 were spent on account of village roads. In some cases the work on these roads was undertaken by the villagers and in the rest by the Committee.

Rupees 404 for planting and Rs. 53 for tending of trees were spent during the year. Some 200 trees were planted, and they are growing very well.

Vigorous efforts were made by the collection establishment to clear off the large number of outstanding certificates and met with a fair amount of success. The Committee's establishment, which consisted of an accountant and a peon, has done its work well. The Committee have expressed their satisfaction with the work of the Overseer in charge of the office of the District engineer. The Overseer in charge of the Serajgunge sub-division has also given satisfaction during the year.

*Explanatory notes on the Road Fund Annual Accounts for 1882-83.*

THE increase of Rs. 1,403 in the allotment for repairs, as shown in the column "Amount as per budget estimate" of the Road Fund annual accounts for 1882-83, over the amount shown under that head in Government, Public Works Department, Resolution No. 273B.C. of 17th January 1883, reviewing the Road Fund Budget Estimates of the Rajshahye and Cooch Behar Division for the year, is due to the appropriation of Rs. 1,300 to the construction and repairs of village roads out of the surplus opening balance of the year, and to the transfer of Rs. 103 from the allotment for construction of bridges on the Chandiekona road to the repairs of the Dewangunge road.

2. The similar decrease of Rs. 103 in the allotment for "original works" is accounted for from the above.

3. The other transfers of allotments shown in the annual account are from one work to another under the same sub-heads, and therefore do not call for explanation.

PUBNA D. R. FUND OFFICE,  
The 27th November 1883.

MANIKLAL PAL,  
Vice-Chairman, District Road Cess Committee.

*Abstract of a report by the Chairman of the District Road Cess Committee, Darjeeling, on the Committee's operations for the cess year 1882-83.*

No difficulty has been experienced in the working of the Road Cess Act in this district. The opening balance of the year was Rs. 20,853. The demand of the year was Rs. 19,730, as compared with Rs. 19,399 for the previous year. Besides this, there was an arrear demand of Rs. 1,511, making a total of Rs. 21,241 to be collected. The sum actually collected was Rs. 20,487, and the amount remitted Rs. 195, leaving a balance of Rs. 559 unrealized at the end of the year.

During the year there were five meetings held by the District Road Committee at Darjeeling, which consisted of 20 members, 7 officials, and 13 non-officials. The average attendance of officials was four and of non-officials five. The members took considerable interest in the proceedings of the meetings, and several of them helped largely in supervising the expenditure of the grants made for repairs.

The Terai Branch Committee exercised independent power up to the end of 1880-81. It is now working under the District Road Committee.

The amount spent on roads in the hills was Rs. 10,390, and in the Terai sub-division Rs. 12,970, making a total of Rs. 23,360. Besides this, the sum of Rs. 2,360 was spent on village roads in the Terai. Nothing was spent on arboriculture during the year. The repairs of roads were carried out by tea planters in the hills, and by planters and Sub-Divisional Officer in the Terai.

The different establishments under the Committee are reported to have worked well, but the work of the District Engineer has not progressed as rapidly as it should have been wished.

*Abstract of a report by the Chairman of the District Road Cess Committee, Julpigoree, on the Committee's operations for the cess year 1882-83.*

THE feeling of the people in this district towards road cess is one of resignation, and, where roads are being made, of some satisfaction.

The number of meetings held by the District Road Committee was 11, and the average attendance of the members 6·90. There are no Branch Committees in the district.

All the important communications in the district, except station roads, were maintained in good order, so far as the funds admitted. Constant petty repairs on the principal roads, with the above exception, were, when required, promptly executed during the rains, and in a few places temporary bridges were constructed to facilitate the passage of traffic. The principal works undertaken by the Committee during the year under review were the improvement of the roads from Boda towards Domerhat *via* Debigunge, Julpigoree to Alipur, Silligoree to Phoolbaree Ghat, Kyranti to Baltaigool, and Mynaguri to Ramshaihat. A great deal of attention was paid during the year to keeping the road from Julpigoree to Damdim open for traffic, specially during the rains. The condition of this road, though it is by far the most important feeder to Northern Bengal State Railway, is the worst of all roads in the district for want of funds. The road, however, was kept open for traffic in the rains by repairing the temporary bamboo bridges erected last year. There was a gap during the year, owing to the overflow of the river Dhurla, in the tenth mile, but it was bridged within 48 hours; and accordingly the running traffic did not so far suffer materially.

A sum of Rs. 1,449 was allotted for repairs of village roads. Of this allotment Rs. 1,079 were expended during the year. The repairs were undertaken by the work establishment of the Committee, as well as by persons of local influence, viz. the tea-planters and the Sub-Divisional Officer of Alipur.

Rupees 150 were allotted for tree-planting, and Rs. 88 were expended during the year. Nearly 150 mango and jack trees have been planted on the side of the Alipur road, near Moynaguri: these are thriving well. The Indian rubber trees, planted on the side of the Damdim road, a little out of Julpigoree, are also thriving well.

The books and accounts of the Committee are reported to have been correctly and duly kept up.

The different establishments under the Road Committee are said to have worked satisfactorily.

PRMO NATH BANERJEE,

*Vice-Chairman, District Road Committee.*

No. 49P.W.Ct., dated Darjeeling, the 17th May 1884.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye Division,  
 To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit in original the district road fund annual reports and accounts of the seven districts\* of this division for the cess year 1882-83.

Dinagapore. | Bogra.  
 Rajshahye. | Rungpore.  
 Pubna. | Julpigoree.  
 Darjeeling.

2. The reports and accounts of five districts were received in my office within the prescribed date, but those of

Rungpore and Darjeeling were not received complete until 16th February and 1st May 1884, respectively. Hence the delay in submission of this report.

3. The district reports are properly prepared, with the exception of the Rungpore one, in which the Chairman has inserted bodily a voluminous report of the District Engineer, instead of making an abstract of the main facts in regard to the work of the year.

4. *Working of the Road Cess Act.*—The working of the Act may be said to have been satisfactory during the past year. In Pubna the Chairman remarks that the realization of arrears by the Certificate Act is dilatory and unsatisfactory, though the collections for the year were very fair, being 94·3 per cent. of the demand. In Julpigoree the feeling of the people towards the Road Cess Act is said to be one of "resignation, and where roads are being made of some satisfaction." Mistakes in the re-valuation in individual cases in the Dooars have come to light, the cause being inaccurate and misleading returns submitted by the jotedars, on which the re-valuation was based. Measures are being taken to have this set right. In all the other districts the cess seems to have been accepted by the community, and no complaints appear to have been made during the year, either against the cess itself or manner of levying it.

5. *Collection and assessments.*—The collections in the Dinagapore district were 95·8 per cent. of the current demand. In Rajshahye the collections were very satisfactory. In Pubna the collections were 94·3 per cent. In Bogra the realizations were quite up to the average of previous years. In Rungpore they were 96·9 per cent., being nearly 1 per cent. improvement on the collections of the previous year. In Julpigoree they were up to the average of previous years, and in Darjeeling they were 97·36 per cent. of the current demand, including arrears, and contrast favourably with the previous year.

6. *Working of the District Committees.*—The Chairmen generally continue to report favourably of the attendance of the members of the District Committees at meeting, and the business laid before them appears to have been discussed with interest and attention. In Dinagapore 15 meetings were held. Six non-official members rendered themselves liable to removal during the year by non-attendance at six consecutive meetings, but one member had been laid up by illness. The others never gave any reasons for their inability to attend.

In Rajshahye the Chairman remarks that the attendance of the native non-official members was very irregular.

In Darjeeling the planters continued to show considerable interest in the proceedings, and assisted largely in the supervision of works.

In Julpigoree the planters have come forward liberally with cash to supplement the allotments available from the Committee's funds, and have also assisted with labour and supervision in carrying out road works in their neighbourhood.

7. *Working of the Branch Committees.*—These exist in Rajshahye, Pubna, Rungpore, and Darjeeling. The Nattore Branch Committee in Rajshahye held four meetings with a good average attendance of members, and considerable zeal was shown by them in the matter of village communications.

The Chairman of Pubna reports that the working of the Serajgunge Branch Committee has been most successful, and considers that this Committee justly complain of the small allotment placed at their disposal for the purposes of the sub-division. This, however, is unavoidable at present until the expenditure on the great main district work, viz. the feeder road from Pubna, the sudder station of the district, to the Sara railway station is completed, which may be expected during the current cess year, when it will be possible for the Sudder Committee to afford larger grants to the Serajgunge Branch Committee.

In Rungpore, in addition to the Gvebanda Branch Committee formerly existing, two additional Branch Committees were established during the year at the other sub-divisions; that is, one at Kurigram and one at Nelpamaree. Five meetings were held by the first and one meeting by each of the last two Committees. The principal work of the Branch Committees was the apportionment of funds for village roads. The attendance at the meetings was good, and an active interest was taken by the non-official members in the discussions and business of the meetings. The working of the Teraj Branch Committee under the new arrangement—subordinate to the Sudder District Committee of Darjeeling, continued satisfactory during the year.

8. *Establishments.*—The establishments in all the districts are reported to have worked well during the year. The Chairman of Julpigoree remarks that the establishment “would be of more use if the district had more money. As it is, it has occasionally to sit almost idle.” Reference to this remark will be made further on, under the head of expenditure, when referring to the working balances of each district.

9. *Village roads.*—In Dinagepore, where respectable persons were found willing, funds were given to them for execution of work on village roads, and also where such works were carried out under the agency of the District Engineer. Rupees 3,169 were expended during the year. Of the non-official gentlemen who have taken a keen interest in village roads, the Chairman mentions the names of Mr. French, Manager of the Chooraman estate, and Baboo Budhinath Chowdree. In Rungpore Rs. 4,649-5-1 was expended out of an allotment of Rs. 5,000. The unexpended amount out of the allotment remained with the Sudder Sub-Committee, each of the Branch Committees having fully expended the allotments granted to them. In Bogra Rs. 3,055 were expended on village roads, being nearly double the amount of that expended in the previous year. In Rajshahye Rs. 6,144 were expended during the year, against Rs. 4,888 last year and Rs. 3,768 in 1880-81, thus showing a steady increase in the grants under this heading. It further appears that the Branch Committees showed considerable interest in the matter of village communications during the year.

In Pubna out of Rs. 3,300 allotted for village roads, Rs. 886 were expended, but a further sum of Rs. 951 spent under this head on the Kole road was afterwards transferred to the head “original works.” In some cases the work was carried out by villagers, and in the rest by the Committee. A better result is hoped for during the current cess year, as more applications for help have come in. A very important and useful work has been carried out in the Serajgunge sub-division during the year, consisting in the marking and laying out of about 62 miles of tracks connecting police stations, outposts, and important places of trade, giving facilities for cart traffic during about eight months of the year between places where formerly none such existed.

In Julpigoree out of a sum of Rs. 1,449 allotted, Rs. 1,079 were spent on village roads, the work having been carried out partly by the Committee’s establishment, partly by tea-planters, and partly by the sub-divisional officer at Alipore.

In Darjeeling Terai Rs. 2,360 were spent out of an allotment of Rs. 2,664, being more than double the expenditure of the previous year.

10. *Arboriculture.*—In the districts of Dinagepore, Bogra, and Pubna, tree-planting along the roadsides proceeded steadily during the year.

In Julpigoree Rs. 85 were spent, and the work done seems to have been successful. In the districts in which progress has been made under this head the necessity of providing for the care of the young trees already planted has been recognized, and indeed more has been done in that direction than in new planting. This is right, as extensive plantations in any one year could not be properly looked after by the small establishment which the districts can afford to keep up. In Rajshahye and Rungpore little has been done during the last year under this head.

11. *Original works.*—In Dinagepore the only original works undertaken during the year were the reconstruction of the last seven miles of the Moorsheadabad road, and the completion of the Patiram-Billee road. Owing to the want of rain the former work could not be entirely completed during the year, but the latter was completed. In Rajshahye the main expenditure under this head was devoted to the Sultanpore-Mohadebpore railway feeder road between Hapanta and Nowgong, the work consisting of raising the road above flood level and constructing a timber bridge at the worst gap. Compensation was also paid during the year for the land taken up for the Godagari diversion road. In Pubna, out of the total expenditure of Rs. 36,353 on original works, Rs. 81,403 were expended on the Sara road, chiefly in the construction of 13 new bridges, which have all been carefully and substantially built. It is expected that the remainder of the bridging required on this road will be practically completed during the current cess year before the rains. An addition to the Road Cess Office was made

during the year for the accommodation of records at a cost of Rs. 1,798. The calculations on which the detailed estimate for bridging the Chandaikona road having, on examination, been discovered to have been founded on incorrect levels, the estimate had to be returned for the leveling to be done afresh, and so the work could not be sanctioned during the year. In Bogra the original works carried out were a large bridge on the Sultanpore road, and five small masonry culverts on the Dinagore road. All the work carried out was substantial and good. In Rungpore a sum of Rs. 33,833 was spent on original works during the year in building four timber bridges, three timber bridges with iron beams, three masonry bridges and culverts, a large number of glazed earthenware pipe ditto, and the metalling of a portion of one of the roads passing through the station. Genuine progress has been made in this district during the year, and all the original work carried out is substantial and good. Permanent masonry bridges and glazed earthenware pipes have taken the place of temporary bamboo bridges, and the cost of masonry culverts was found not to greatly exceed that of first class timber bridge work in small spans. In the larger bridges, in which timber has been used, all the material has been carefully selected of good seasoned timber, and old iron rails from the Eastern Bengal Railway have been economically substituted for timber beams in bridges of spans up to 20 feet. In the Julpigore district the total expenditure on original works amounted to Rs. 19,842, and consisted chiefly in improvements on the Julpigore-Alipore road, Damdim road, Kyrantee to Bataigole road, Chukla Boda to Damer road, Mynaguree to Nagrakatta road, and Damdim to Phoolbaree Ghat road, none of which can be said to be completed yet; also on the Silligoree to Phoolbaree road, and the building of the Kurla foot bridge in the station. In Darjeeling Rs. 15,840 were expended on original works during the year, the chief expenditure being incurred on the Goka bridge, in strengthening the Balasun bridge, on the Nuksulbaree to Matigara road, the Nuksulbaree to Debigunge road, and on a bridge on the Adulpore Sukna road.

12. *Repairs.*—All the existing roads in the Dinagore district have been kept in a fair state of repair as far as the funds at the disposal of the Committee would permit. The Divisional Superintendent, during his inspection of the roads in the current cess year, represented that the interests of the district would, in his opinion, be better met by more liberal allotments, and more attention paid to the roads in the south of the district running east and west, which give outlets to the trade of the district through the Northern Bengal Railway, and it is expected that these roads will receive more attention in future.

In Rajshahye the roads were maintained in fair order.

In Pubna Rs. 9,725 were spent on repairs, and all existing roads were maintained in fair order.

In Bogra the roads were maintained throughout the year, and most of the principal roads, although not metalled, were driveable during the rains, owing to the care taken in sanding them (at my suggestion), and using the best soil on the surface. The repairs carried out on Bogra-Sereakandy road and the Chattingram-Panchbilhi road during the year have made them really good and useful lines of communication. Some very substantial temporary bridges, built entirely of tal tree wood, at a very small cost, have been constructed on the former road, including among them one of 100 running feet of waterway, while the latter road has been widened and improved throughout, and has opened up a long line of communication with the railway through a rich and important tract of country in the west of the district. Other minor roads in this district have been well maintained, and altogether the roads in the Bogra district compare favourably with the best roads in any of the other districts in the division.

In the Rungpore district the large sum of Rs. 52,556 was expended on repairs, chiefly in cartwork, surface repairs, renewing bamboo and timber temporary bridges. A great effort was made by the District Engineer during the year to improve the class of work carried out, both as regards original works and repairs. A great deal of the expenditure in previous years on earthwork was carried out in the dry season between December and April without any attempt at either dressing or ramming, and most of this expenditure was money wasted owing to the earth being blown away when the hot winds set in. A good deal of this work was successfully carried out during the rains during the past year, and in future every effort will be made to do such work either in the rains or while the soil is still damp, and the work done is likely to be lasting. In other respects, also, the district work generally during the past year has been carried out better, with more advantage to the district, and at a lower cost than was the case in previous years. The wants of the southern parts of this district in respect to the opening up of communication with the roads leading to stations on the Northern Bengal Railway have been brought to notice, and work during the current cess year is being carried out on one of the most important of these lines leading to the Hillee railway station.

In Julpigoree all the important roads were maintained in good order as far as the funds admitted. The Damdim road received special attention during the rains in order to keep it open, it being an important feeder and outlet to the Northern Bengal Railway from the different tea gardens of the district. The repairs to roads in the Darjeeling hill district were chiefly carried out by the planters, and in the Terai partly by the planters and partly by the Sub-Divisional Officer of the Terai. The expenditure on repairs of the principal roads was Rs. 7,481.

13. *Expenditure.*—The expenditure has been good in all the districts, but the Divisional Superintendent thinks the necessity of keeping a proper working balance has not been sufficiently borne in mind in some districts, to which he attributes, in the case of the Julpigore district, the complaint made by the Chairman, mentioned under the head of —

that there was at times no work for it to do. This, Mr. Beatty says, was owing to the District Engineer having to wait for money, and insufficient balance having been budgeted for. This was also the case in the Rajshahye district, where the Committee, in the course of the year, defined the different works which the District Engineer was to carry out from quarter to quarter as the funds came in, without sufficiently considering whether it was judicious to carry out such work at such different seasons. In Julpigoree the opening balance for the year was only Rs. 2,551, and the closing balance Rs. 2,196. In the case of Rajshahye the apparent opening balance was Rs. 15,341, and the closing balance Rs. 22,333, but from these must be deducted the advance account in each case, which really left an opening cash balance of Rs. 1,671, and a closing balance of Rs. 5,667 to carry on the work of the district at a season when the heaviest and most important expenditure of the year ought to be incurred. Of the other districts, the opening and closing balances in the Dinagepore district were below the requirements of the district, if work is to be properly carried out at the best season of the year, the amounts being Rs. 3,803 and Rs. 6,823 respectively. The balances in remaining districts—Bogra, Runzypore, Pubna, and Darjeeling—were fair in proportion to their total income and necessities. To carry out district works with advantage and economy the Divisional Superintendent thinks the opening and closing balances should, when practicable, never be allowed to fall below 25 per cent. of the net average income of the district. Doubtless this is advisable, but the Committees are placed in a difficult position with such constant need for expenditure.

14. During the year Mr. Heyman retired from the office of Divisional Superintendent, and Mr. Beatty was appointed in his place, and took over charge on 1st October. Both gentlemen took much interest in their duties, and showed the benefit to the cesspayers of the special supervision of an officer in the position of a Superintending Engineer, with a view to make it close and effective.

## Notice.

THE following Reports of the Bengal Meteorological Department, issued by orders by the Government of Bengal, can be supplied to the public at the prices annexed:—

1st.—Bay of Bengal Daily Report giving observations taken at 17 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Calcutta Storm Signal Service. The report giving 10 A.M. observations of the day is distributed by post in Calcutta after 4 P.M. Price to subscribers in Calcutta, Rs. 2 per mensem.

2nd.—Bengal Daily Report containing observations taken at 30 meteorological stations, and transmitted to Calcutta by weather telegrams, with a brief summary of the weather in Bengal during the preceding 24 hours. The report giving the 10 A.M. observations of each day is printed in time for the evening mail. This report for the present will only be published during the south-west monsoon, i.e. from May, 15th, to November, 15th. Price Rs. 2-8 per mensem, including postage.

3rd.—A Weekly and Monthly Statement of Meteorological Observations taken at 38 observing stations, and of rainfall recorded at 160 sub-divisional stations, together with summaries of the more important features of the meteorology of the past week or month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Weekly Report, including postage, Rs. 6 per annum, payable in advance, and of the Monthly Summary Report, Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal for the Bay of Bengal Daily Report, and to the Accountant and Treasurer, Bengal Secretariat, for the other reports.

##### DISTRICT ROAD FUND.

NOTIFICATION No. 297.

*Dated the 9th August 1884.*

The following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of 24-Pergunnahs, Nuddea, Jessore, Khulna, and Moorshedabad, for the cess year 1882-83, together with the remarks thereon of the Commissioner of the Presidency Division, are published for general information.

G. F. E. S. NEILL, *Major, M.S.C.,*

*Under-Secretary to the Govt. of Bengal, P. W. D.*

#### *Extract from a Report by the Chairman of the District Road Cess Committee, 24-Pergunnahs, of the Committee's operations for the cess year 1882-83.*

The people of the district seem now reconciled to the cess, and to understand the purpose for which it is imposed. They are careful to see that roads are kept in order, and never omit to bring to notice any case in which a road has fallen into disrepair.

During the year two special meetings and three ordinary meetings were held by the Sudder or District Road Committee, at all of which there was a quorum.

There are six Branch Committees in the district, viz. one at each of the sub-divisional stations of Diamond Harbour, Baraset, Busseerhat, Barrackpore, Dum-Dum, and one at Barripore, which until lately were the head-quarters of a sub-division. The officer in charge of each of the five sub-divisions is Chairman of the Branch Committee at his head-quarters, and a native gentleman who takes much interest in public matters has been appointed Chairman of the Barripore Committee. It is reported that the members of these Branch Committees took an interest in the work entrusted to them. The number of meetings held at the several sub-divisions varied from three to seven except at Dum-Dum, where one meeting only was held during the year.

A sum of Rs. 11,000 was allotted to the Branch Committees for improvement of village roads and footpaths, and it is reported that the whole amount has been usefully and economically spent under the supervision of the Branch Committees. In a few cases local subscriptions and private donations were given to supplement the village road grant. The village roads in several parts of the district are now much improved.

Rupees 628 were spent for planting fruit trees on the sides of the Goberdangah, Ghoseparah, Amdangah, Sodepore, and Takee roads (pucca portion), and Rs. 705 for the maintenance of trees planted in previous years. All the old as well as new trees are thriving well. Nokur coolies have been entertained to water the trees, and enclosures have been put round each tree to protect it from animals.

The ordinary district roads are in a fair state of repair.

The several establishments under the Committee are reported to have worked well.

RAJENDRA NATH MITTNA,  
Vice-Chairman, Road Cess Committee,  
24-Pergunnahs.

*Explanatory Memorandum to accompany the Road Cess Annual Accounts of the District of 24-Pergunnahs for the year 1882-83, under Paragraph 14 of the instructions from Government for the preparation of the annual accounts, conveyed in its circular No. 8A, dated 14th February 1878, of the Public Works Department.*

As per Budget Head.	Increase or Decrease.	EXPLANATION.
<b>RECEIPT.</b>		
Land Cess ...	Increase ...	The increase is due to the collection of a certain portion of the cess on account of estates in the Salkhira sub-division, the arrangements for the transfer of those estates to the Khoolna district not having been completed until the middle of the year. The amount so collected, however, was subsequently refunded to the district of Khoolna, as shown under the head of Refunds in the expenditure side of the accounts.
One per cent. Road Cess ...	Do ...	The increase is owing to certain arrear collections of this percentage made during the year.
Fines and Fees ...	Decrease ...	The decrease is due to the non-realization during the year of arrears of cess for the recovery of which peon fines under Board's circular No. 8 of August 1882 had been advanced. The dates of the sale notifications in respect of the properties attached fell in some cases after the Doorga Poonjah holidays, and in others after the expiry of the cess year under report.
Miscellaneous ...	Decrease ...	The decrease is due to non-receipt from the several municipalities, except Naihati, of the contributions expected from them, and the transfer from this head to that of "Grant-in-aid," the Government grant on account of the Dhappa ditch, and the percentage on all collections of khas mehal estates.
Grant from Government ...	Increase ...	The increase is due, as explained above, to the transfer of the Government grant on account of Dhappa ditch and foot-path, and the percentage on all collections of Government estates from Miscellaneous to this head.
<b>EXPENDITURE.</b>		
Refunds ...	Increase ...	The increase under this head is explained under the first item on the Receipt side above.
Establishment on Provincial rates ...	Increase ...	The increase is owing to the purchase of court-fees required to be advanced under Board's circular No. 8 of August 1882. This is debited to this head, there being no other head under which it might be placed.
Establishment on Administration ...	Decrease ...	The decrease is owing to savings under the head of contingencies.
Stationery ...	Ditto ...	There has been less expenditure on account of printing charges, hence the decrease.
Original Works ...	Ditto ...	The actual expenditure of most of the works has fallen short of the estimated amounts. Besides no relief works were undertaken during the year.
Repairs ...	Ditto ...	The decrease under this head is due to the full estimated amounts not having been paid to the contractor, they having undertaken the works on rates lower than those provided for in the estimates.
Establishment ...	Ditto ...	The decrease is owing to savings effected in the office establishment and contingencies.
Tools and Plant ...	Ditto ...	The decrease is owing to non-purchase of any new tools during the year.

ALIPORE;

The 15th January 1884.

RAJENDRA NATH MITTER,

Vice-Chairman,

Road Cess Committee, 24-Pergunnahs.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Nuddea, of the Committee's operations for the Cess year 1882-84.*

The working of the District and Branch Committees were satisfactory. The district Committee met four times during the year, and the average attendance of the members was 5.5.

The transfer of Bongong has reduced the income of the committee by Rs. 11,244 and the length of the metalled roads from 148.5 miles to 133½ miles, and that of unmetalled roads from 682 miles to 558 miles.

The committee received no grant from the Government in aid of their fund during the year as they used to do in previous years. Their income was therefore barely sufficient for the requirement of the district. They, however, provided funds for the annual maintenance of all of their existing lines of communication, but they were able to spare money for only three of their important original works, all of which were construction of bridges over gaps in the existing roads begun in previous years. Two of these bridges were on the Coomercolly to Kanchdiar Road in the Kooashta Sub-Division, and the other on the

Santipore to Culna Ghát road. Of the two bridges on the former roads, one, for which requisite funds were allotted, was completed during the year and opened for traffic. The money granted for the other was not sufficient for its completion. Requisite materials were therefore collected at the site of it. The allotment of the Culna road bridge sufficed only for purchase of eight rolled iron joists.

The principal original works of the year were the metalling and construction of bridges on the Khoksa Railway Station to Khoksa Bazar road, and the drainage works on the Chogda to Bongong road, for both of which funds were granted by Government in the previous year. The Khoksa road was nearly finished during the year, and opened for traffic in the first week of October last. The remaining works of the road are being done, and they are expected to be completed in the current year. About half of the drainage works on the Chogda road was in Bongong Sub-Division, which was transferred in April last, when a good portion of the work had been done. The important culverts and bridges in the other half which is still in this district were finished and opened for traffic during the year under report. A few small drain culverts are now being built, and they will be completed shortly. These culverts were not finished during the last year, simply because bricks fell short owing to failure of the contractor.

None of the roads of this district were affected during the year by the flood, which was much below its average rise; but the exceptional drought was and is even now very detrimental to the existing metalled roads, on most of which the wear and tear of metalling was very considerable, and a great difficulty was experienced in laying and consolidating new metal on them for want of water. Their estimated repairs and renewals were duly carried out during the year. Their maintenance, however, was of minimum efficiency owing to the damage having been much greater than what was anticipated and provided for. There was nothing to interfere with the repairs of the several unmetalled roads, and all of them were maintained satisfactorily.

The outlay on village roads was Rs. 6,265, of which a greater portion was spent on the repairs of roads constructed during the previous years. As usual, the village people took interest in the execution of those works, and in the Ranaghat Sub-Division grants were supplemented by private subscriptions and donations.

The progress in arboriculture was not satisfactory in consequence of the drought. Only one thousand one hundred and seven young trees were transplanted from the nurseries to the sides of eight of the important roads, and two thousand three hundred young plants of indigenous fruit-bearing trees were planted in the nurseries; all of which thrived well. The malies spent the greater part of their time in attending to trees transplanted during the previous years, as they were badly affected by the drought. The nurseries, of which four are in this district, are nearly full of grown up plants. A larger number of young plants therefore were not planted in them last year.

The several establishments under the committee worked very satisfactorily during the year.

*Abstract of a report by the Chairman of the District Road Cess Committee, Jessore,  
on the Committee's operations for the cess year 1882-83.*

The Cess Act has now become well known and popular in this district.

The receipts of the year, including previous balance, were estimated at Rs. 80,663, and the expenditure at Rs. 78,411. The actual receipts were Rs. 84,073, including a grant-in-aid of Rs. 10,000 from Government for the Bongong and Chagdah road, and a further sum of Rs. 3,933 on account of drainage works on the same road. The expenditure amounted to Rs. 84,835.

The District Committee met eight times during the year, and at all the meetings there was a quorum. With a very few exceptions, the non-official members took but little interest in the administration of the fund at their disposal. The percentage of attendance of members was larger than previous year.

As usual, the sub-divisional officers have displayed interest in the welfare of their sub-divisions, and have supervised the construction and repairs of village roads. The planters and a few native members have likewise rendered great assistance.

The following is a brief description of the principal works carried out during the year:—

- I. Surface repairs were executed on 462½ miles of roads, that is on all the roads entered in the printed list.
- II. Metal has been renewed on seven of the principal roads, and there have been 1½ miles of new construction.
- III. The embankment has been raised on the Salabhara portion of the Jhenidah and Kallygunge road for a distance of 2 miles and 21 chains.
- IV. All the bridges and culverts were maintained throughout the district.
- V. *Arboriculture*.—The fruit trees planted out on the roads in the district have been maintained.
- VI. Four new culverts have been constructed, and others are being built in connection with drainage works on the Bongong to Chagdah road.

A sum of Rs. 4,882 was expended on village roads in the different sub-divisions in the maintenance and construction of different roads and bridges. A sum of Rs. 450 was also expended in repairing station roads. These works were carried out under the immediate supervision of the sub-divisional officers and members of the Committees.

The District Engineer gave satisfaction in the discharge of his work, and so did the other subordinates in the engineering establishment. The collection establishment is reported to have worked with diligence, and given satisfaction. The late Road Cess Accountant Mohendro Chunder Sen was charged in September 1883 with having forged some imprest vouchers and misappropriated several sums of road cess money, aggregating Rs. 1,500. The accused was committed to the sessions, and was sentenced to four years' rigorous imprisonment and Rs. 300 fine, and in default, to undergo a further term of rigorous imprisonment for two years.

Magistrate and Chairman.

*Abstract of a report by the Chairman of the District Road Cess Committee, Khulna, on the Committee's operations for the cess year 1882-83.*

The annual income of the Committee from the cess is Rs. 59,547, of which Rs. 20,487 come from the 24-Pergunnahs and Rs. 39,060 from Jessore; but the receipts of the year 1882-83 were Rs. 73,390 owing to the inclusion in the accounts of the collections made in the 24-Pergunnahs and Jessore for the period between the 1st June and the 1st October 1882. The expenditure of the year amounted to Rs. 25,979, and the balance at the close of the year was Rs. 47,410.

The District Committee consists of twenty-five members, and met nine times in the year with an average attendance of 10·2, which is a very fair proportion. From the Satkhira Sub-division, however, the attendance was almost nothing, as only two members came, once each; but this is due to the distance from the head-quarters of the district.

Rupees 12,741 were spent on repair works, including Rs. 7,120 upon village roads. The expenditure was divided among the sub-divisions as follows:—

	Rs.
Khoolna ... ..	6,658
Satkhira ... ..	3,172
Bagirhat ... ..	2,916

The money for village roads was distributed through the Vice-Chairman and the Branch Committees to responsible persons in the villages.

There are no metalled roads in the district, except such as lie in or about the head-quarters of the district and sub-divisions; and there are no ordinary roads except that from Khoolna to Jessore, and one road running north and south through part of the Satkhira sub-division.

In the absence of an engineer (whose services the Committee were not able to secure until after the close of the year) no original works were undertaken during the year; and there is under that head an expenditure of Rs. 150 only for tree planting in the Satkhira sub-division. In the other sub-divisions there is not much scope for planting trees, but the Committee hope to do more in the current year.

The establishments both under the Collector and the Chairman have worked satisfactorily.

This is the first report of the district, which was opened on the 1st June 1882, being composed of the Satkhira sub-division of the 24-Pergunnahs and the Khoolna and Bagirhat sub-divisions of Jessore.

*Abstract of a report by the Chairman of the District Road Cess Committee, Moorshedabad  
on the Committee's operations for the Cess year 1882-83.*

The maximum rate of cess was levied during the year, and there was an improvement in its collection; the arrears due from some of the estates under the Court of Wards were realized, and demands paid with greater regularity. The percentage of collection to demand was 100·65.

The public feeling towards the cess is on the whole favourable, as the masses have some tangible evidence of the benefits which accrue in the repairs and construction of the village roads.

The members of the District Committee, with a few exceptions, attended the meetings with regularity, and no difficulty was experienced in securing a quorum.

There are three Branch Committees in the district, i.e., at Jungypore, Kande and Choa. The two former took a considerable amount of interest in their duties, and were regular in submitting their accounts and statements. But such has not been the case with the Choa Branch Committee, and the Chairman of which so far neglected his duties as to necessitate his removal from the post.

No original works of any importance were carried out during the year under report, as the funds at the disposal of the Committee were barely sufficient to maintain properly the numerous district roads that were brought under the operations of the Cess Act. A talwood bridge of 55 feet span was erected across the Kateegunga cut; another of 24 feet span was put up across the Batoor nullah, and a third one constructed over a break at Rangamatee. The Kateegunga cut was deepened and improved; and the sand bars and other obstructions formed on the bed of the drainage channel "Sooty nullah," were cut and improved to facilitate the discharge of water.

All the roads in the district were repaired and put into good order, and most of them were temporarily bridged.

The two main drainage cuts draining the bheels and low lands between Berhampore and Gobra nullah were cleaned and repaired during the year.

A sum of Rs. 10,000 was allotted for repairs to village roads in the year under report.

The fruit trees planted on the road sides for a total length of 47 miles were properly maintained.

The several establishments under the Committee have worked fairly well.

A. RATTBAY,  
Chairman.

No. 24PR, dated Calcutta, the 16th April 1884.

From—A. SMITH, Esq., Offg. Commissioner of the Presidency Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the annual accounts of income and expenditure of the Road Cess Funds of all the districts of this division, except Jessore, for the past cess year ending 30th September 1883, together with copies of the Administration Reports received from the Chairmen of the Road Cess Committees of those districts.

2. Of the reports submitted by the Chairmen those for the 24-Pergunnahs, Nuddea, and Moorshedabad have been drawn up in accordance with the orders contained in Government letter No. 973A, dated the 14th September 1880. The Khoolna report, though stated to have been drawn up according to Circular No. 8A of the 4th February 1878, has fulfilled the requirements of the above circular which does not appear to have been received by the Magistrate from Jessore. A copy of it will be sent to him for future guidance.

3. I regret the delay which has occurred in the submission of these accounts and reports owing to the non-receipt of the accounts and reports from Jessore. They have not yet been received, and as there will still be some delay in submitting them, I do not think it proper to wait further for them. The Chairman of the Jessore Road Cess Committee informs me that the accounts are under preparation, that the majority of the exhibits filed in the case of the late accountant were received back from the Judge's Court only on the 20th of February, and there are yet some important documents to get back from the said Court without which the annual accounts cannot be closed. Then, when the accounts are closed, it will be necessary to have them passed by the Audit Committee and subsequently by the District Committee which will take time, and probably the whole of this month will pass before the necessary business will be got through. They will be submitted separately as soon as they are received by me.

No. 31P—R, dated Calcutta, the 10th June 1884.

From—A. SMITH, Esq., Officiating Commissioner of the Presidency Division.

To—The Secretary to the Government of Bengal, Public Works Department.

IN continuation of this office No. 24P—R of the 16th ultimo, I have the honour to submit the annual accounts of income and expenditure of the Road Fund of the district of Jessore for the past cess year ending 30th September 1883, together with a copy of the Administration Report received from the Chairman of the Road Cess Committee of Jessore, with the explanatory notes required under Government Circular 8A of the 4th February 1878.

2. The report submitted by the Chairman appears to have been drawn up in accordance with the orders contained in the Government letter No. 973A of the 14th September 1880.

Ditto in England	...	...	43	2
Annuitants	...	...	182	1
Total	...	...	484	12

The matter being one of great importance to the Service, the Managers are anxious to have the benefit, in dealing with it, of the advice and assistance of their late colleague Mr. Westland. They propose therefore to defer making any communication regarding it to the Government until Mr. Westland's return to India, which will probably take place in the middle of September next.

4. The proposed grant of a good service pension to Mr. J. Wetherill was also confirmed, 213 subscribers having voted for, and 3 against the proposal.

5. The Managers have under Article XVI announced their intention to propose—

“That they be authorised, in accordance with the opinion of Counsel, to refund to Mrs. Bruce Lane, with interest at 5 per cent., the subscriptions paid by her to keep up her late husband's interest in the Fund.”

The facts of the case, which was one of considerable difficulty, are fully set forth in the appendix to this report, from which it will be seen that the Managers felt themselves obliged

to consult Counsel as to the powers of the subscribers to deal with the matter. In the opinion of Mr. Evans Mrs. Bruce Lane can never participate in the benefits of the Fund. The Managers have made a communication in accordance with this opinion to Mrs. Lane, and desire now to obtain the sanction of the subscribers to the refund, with interest, of the subscription paid by Mrs. Lane to keep alive her late husband's interest in the Fund.

6. Mr. W. C. Plowden has incurred the penalty prescribed by Article XXXVII of the Rules by failure, for more than one year, to pay the necessary subscriptions to the Fund. Mr. Plowden states that the omission was entirely due to misapprehension, as he believed that deductions on account of Fund subscriptions were being made from his allowance by the India Office. Arrears of subscription, together with interest at 8 per cent., as required by the Rules, have now been paid, and the Managers recommend Mr. Plowden's case to the favourable consideration of the Meeting.

Mr. H. Lushington has incurred the penalty prescribed by Article XXXVII of the Rules, by his omission, for more than one year, to pay the necessary subscriptions to the Fund on his annuity. Mr. Lushington states that he was not aware of the existence of Article XXXVII, and that he supposed that "in the absence of any machinery for collecting the subscriptions of annuitants in this country, all arrears, if any, due by subscribers at home, after decease would be deducted from the pensions of widows and children." Mr. Lushington has now paid all arrears of subscription, together with interest at 8 per cent., as required by the Rules, and the Managers recommend his case to the favourable consideration of the Meeting.

Mr. J. H. Prinsep has incurred the penalty prescribed by Article XXXVII of the Rules by failure, for more than one year, to pay subscriptions to the Fund on his annuity. Mr. Prinsep states that he has been under the impression that the amount deducted by the India Office from his quarterly annuity represented both deductions on account of income tax and subscriptions to the Civil Fund. Mr. Prinsep has now paid all arrears of subscription, together with interest at 8 per cent. as required by the Rules, and the Managers recommend his case to the favourable consideration of the Meeting.

Mr. C. Steer has incurred the penalty prescribed by Article XXXVII of the Rules by his omission, for more than one year, to pay subscriptions to the Fund on his annuity. Mr. Steer states that the omission was due to an oversight. All arrears of subscription, together with interest at 8 per cent., as required by the Rules, have now been paid by Mr. Steer, and the Managers recommend his case to the favourable consideration of the Meeting.

Mr. R. D. Hime, who retired on an invalid annuity, with effect from the 8th September 1881, has incurred the penalty prescribed by Article XXXVII of the Rules by his omission, for more than one year, to pay subscriptions to the Fund. Mr. Hime states that owing to his ignorance of the Rules, he was not aware that he could obtain any benefits from the Fund either immediately or prospectively, owing to the fact that at the time of his retirement he had neither wife nor child. Having married again, he is anxious to secure, if possible, the benefits of the Fund to his wife and to any children whom he may leave at his death. As all arrears of subscription, together with interest at 8 per cent., have now been paid by Mr. Hime, the Managers recommend his case to the favourable consideration of the Meeting.

7. An application has been received from Mrs. O. Chapman, widow of Mr. C. Chapman, for an increase to the pension of her son, Mr. Edmund Frere Chapman, who is incapacitated from earning his own livelihood. Mrs. Chapman on a former occasion requested that her son's name might be allowed to continue on the list of incumbents after he had attained the age of 21 years, and the Managers granted the request. This circumstance was reported in the proceedings of the General Meeting of the 29th January 1883, and was confirmed by the subscribers present. Mrs. Chapman now states that her son's mental condition is such as to necessitate his being placed under the charge of a medical man at great expense. The Managers, taking into consideration the fact that Mrs. Chapman is dependent entirely on her pension, and that the cost of the maintenance of her son exceeds £100 a year have, under the powers vested in them by Article XXIX of the Rules, granted, until further orders, the full pension of £150 a year to Mr. E. F. Chapman.

8. In accordance with Article XXII of the Rules, the Managers have to report that the Hon'ble Mr. Justice O'Kinealy having on his departure from India on leave resigned his office as an elected Manager, they have elected the Hon'ble Mr. Justice Beverley to fill the vacancy thus caused.

Proposed by *Mr. Lyall*, seconded by *Mr. Logan*, and carried unanimously—

That the Managers' proceedings in admitting the families of the late Messrs. H. Armstrong, Russell M. Skinner, J. Samuel Armstrong, Sir Edward Clive Bayley, K.C.S.I., C.I.E., and Mr. J. H. Carter to the benefits of the Fund be confirmed.

Proposed by *Mr. Collier*, seconded by *Mr. Atkinson*, and carried unanimously—

That the Managers be authorized, in accordance with the opinion of Counsel and, subject to the approval of the Service, to sanction the refund, with interest, of the subscriptions paid by Mrs. Lane to keep alive her late husband's interest in the Fund.

Proposed by *Mr. Cotton*, seconded by *Mr. Logan*, and carried unanimously—

That Messrs. W. C. Plowden, H. Lushington, J. H. Prinsep, C. Steer, and R. D. Hime be restored to the rights of subscribers.

Proposed by *Mr. Logan*, seconded by *Mr. Lyall*, and carried unanimously—

That the action of the Managers in allowing Mr. E. F. Chapman to draw the full pension of £150 a year, until further orders, be approved and confirmed.

A vote of thanks to the Chairman was proposed by *Mr. Harrison*, seconded by *Mr. Justice Tottenham*, and carried unanimously.

## Notice.

**T**HE following Reports of the Bengal Meteorological Department, issued by orders by the Government of Bengal, can be supplied to the public at the prices annexed:—

*1st.*—Bay of Bengal Daily Report giving observations taken at 17 stations on or near the coast of the Bay, with a chart and summary. This is published in connection with the Calcutta Storm Signal Service. The report giving 10 A.M. observations of the day is distributed by peon in Calcutta after 4 P.M. Price to subscribers in Calcutta, Rs. 2 per mensem.

*2nd.*—Bengal Daily Report containing observations taken at 30 meteorological stations, and transmitted to Calcutta by weather telegrams, with a brief summary of the weather in Bengal during the preceding 24 hours. The report giving the 10 A.M. observations of each day is printed in time for the evening mail. This report for the present will only be published during the south-west monsoon, i.e. from May, 15th, to November, 15th. Price Rs. 2-8 per mensem, including postage.

*3rd.*—A Weekly and Monthly Statement of Meteorological Observations taken at 38 observing stations, and of rainfall recorded at 160 sub-divisional stations, together with summaries of the more important features of the meteorology of the past week or month of the province, and of the distribution of the rainfall and its variation from the normal. Price of the Weekly Report, including postage, Rs. 6 per annum, payable in advance, and of the Monthly Summary Report, Rs. 2 per annum, payable in advance.

Subscriptions payable to the Meteorological Reporter to the Government of Bengal for the Bay of Bengal Daily Report, and to the Accountant and Treasurer, Bengal Secretariat, for the other reports.
